

ENVIRONMENTAL POLICY

Distrupol Limited will manage its activities so as to ensure that they are acceptable to the community, and that they present an acceptably high level of protection for the environment.

The company aims to:

- Meet all relevant regulatory requirements.
- Reduce emissions to air, water and land.
- Consider environmental effects of new developments at the planning stage.
- Achieve continual improvement in environmental performance.

Distrupol Limited will provide the resources necessary to achieve its aims, and involve Management and employees at all levels in meeting policy objectives.

G. Moore Managing Director
