

Add value and enhance your competitive edge with Distrupol

Distrupol is proud to be working with Wells Plastics to provide technical solutions across all processes and applications.

- Do your parts need antimicrobial protection, UV protection, or flame retardant properties?
- What processing problems do you have?
- Do you struggle to remove moisture from some materials, have issues ejecting parts, or do thick sections give you sink marks and excessive cycle times?
- Would you like to reduce the moisture and odour of your recycled materials?
- Do you need to alter the surface finish of your parts?
- Would you like to improve low wear/low friction properties, abrasion performance?
- Are you making high value parts that need anti-scratch properties?

Solutions for Additive Masterbatches			
Product group	Type	Grade ref	Description
WELLS BLOCK	Antiblock	AB 91369	Synthetic silica - high clarity films
		AB 95181	General purpose
		AB 95180	Heavy duty and industrial films
WELLS FREE	Anti-fusion	NAT 91367	Release agent
WELLS STAB	Antioxidant	AO 91162	For process stabilisation and gel reduction
WELLS GRIP	Anti-slip	NAT 91327	For heavy duty sacks
WELLS STAT	Antistatic	ASAB 95213	Amide chemistry
		ASAB 95217	Amine chemistry for lower slip applications, e.g. collation shrink films and sacks
WELLS LITE	Blowing Agent	BA 93632A	Exothermic
		BA 94403	Endothermic
WELLS BIO	Compostable	CP 94694	Compostable compound with DIN EN13432 certification
WELLS DRY	Desiccant	MB 95097	For effective moisture removal
WELLS FLAM	Flame Retardants	FR 95219	Cost effective flame retardant for blown film
		FR 93972	Flame retardant for blown and cast extrusion
		FR 94971	Halogen-free
WELLS SCENT	Fragrances	FRA 93340	Lemon
		FRA 93120	Vanilla
WELLS AID	Processing Aid	PA 94779	General purpose for elimination of melt fracture in blown LLDPE
		PA 95170	High performance processing aid for blown LLDPE
		PA 94908	For high temperature cast film extrusion
WELLS CLEAN	Purge	MB 95179	Extruder cleaning compound
	Shutdown	MB 95178	Compound for line stabilisation during weekend shutdown
WELLS SLIP	Slip	SL 94059	Erucamide - slow migration
		SL 91961	Oleamide - fast migration
	Slip & Antiblock Combinations	SAB 95210	Erucamide / Silica
		SAB 95211	Oleamide / Silica
		SLAB 95244	Non-migratory system
WELLS STAB	UV Absorber	UV 91489	Benzophenone UVA to protect packed contents from damage by UV light
	UV Stabiliser	UV 94592	Cost effective HALS system for PE films
		UV 91047	HALS system for PE films
BACTiglas™	Antimicrobial	AM 91874	Protection against harmful microbes including bacteria and viruses
Reverte™	Degradable	BD 92771	Oxo-biodegradable additive

Bespoke Masterbatch and Toll Compounding Service: Can't find exactly what you are looking for? Contact your Distrupol representative. Distrupol, in partnership with Wells Plastics, is able to produce an extensive range of custom formulated thermoplastic resin and additive combinations to meet your exact needs.

Speciality White Masterbatch: As well as offering standard polyolefin White masterbatch Wells are also able to custom make White masterbatch using specific grades of Tio2 across a vast range of polymer bases.

Compounding Services: Our toll compounding and contract manufacturing service allows us to produce speciality compounds with customers' own label branding.
