

QUALITY POLICY

Distrupol is totally committed to achieving the highest levels of quality in all areas of its business.

Distrupol will endeavour to ensure that all products and services fully meet the requirements and expectations of our customers and all interested parties with the aim of enhancing customer satisfaction.

Distrupol will ensure compliance to all statutory and regulatory requirements.

Distrupol will establish a positive relationship with all suppliers and external interested parties.

Distrupol will ensure that these are appropriately communicated and understood at all levels in the organisation, with all employees sharing in its commitment and being encouraged to take a responsible role in continuous quality improvement.

Distrupol will periodically and systematically review its performance against these objectives. Distrupol will provide the resources required to achieve the policy objectives.

Distrupol will comply with the requirements of ISO 9001 and continually improve its management system.

Conformance to all processes and systems recorded in the Quality Manual are mandatory to all employees.

The senior European management team will define risks and establish measurable quality objectives in accordance with Distrupol's management system procedures.
